MEDIA RELEASE

DATE: Tuesday, February 9, 2007

FOR IMMEDIATE RELEASE:

NETPRO™ PRESIDENT, FROM FARMING TO FOOTWEAR?

Local Company Launched Its “NP KICKERS™” In Las Vegas & Creates Fund-raiser

Regina: As often happens in the way new products come to market, after years of frustration with not being able to find the perfect “kicking shoe” for his sport of Sepak Takraw (Kick Volleyball), Rick Engel of NETPRO™ Sports Inc., began the research and designing processes that has now led to the launch of NETPRO’s very unique NP KICKERS™. Engel realized that for his shoes to be truly successful, they would have to reach a much wider market than just Sepak Takraw enthusiasts, hence the NP KICKERS™ were designed to also be an ideal shoe for soccer, footbag and any other kicking sports. But that’s not all; the features of these shoes also make them great skate, court and volleyball shoes ... and they are so comfortable and cool-looking, different than any other shoe out there, that anyone would be happy to wear them just as a casual shoe.

Originally growing up on a farm in southern Saskatchewan, Canada, Rick Engel’s story is a fascinating one, filled with numerous very different career paths, including working in the oil patch, sales, teaching English in China, teaching school in Canada and establishing a provincial non-profit Cultural and a national Sports organization. But each new career experience laid down important foundational building blocks that have enabled him to speak Chinese as a Second Language, help bring a new sport to North America, build a successful sports supply company and enter the world of the shoe industry, **launching his NP KICKERS™ at the WSA Show in Las Vegas, February 1 – 4, 2007.** Now as part of the test marketing process, a wonderful **FUND-RAISING OPPORTUNITY** has also been created for schools/clubs/teams/associations that purchase the shoes and return a customer survey after wearing them for a short while ... buying shoes for a fund-raiser? Why not? They will certainly last longer than apples or oranges. As a special introductory offer, NETPRO’s KICKERS™ are now available at **REGINA SOCCER PITCH** or online at www.kickersrock.net for about \$10 lower than what the regular retail price will be, PLUS a **\$10 REBATE** will be offered for every completed customer survey that is returned (fund-raiser). Attached is a Flyer that outlines the outstanding features of the shoes. For more information, contact Rick Engel directly at 1-306-359-6776 or visit www.kickersrock.net

“WE GET OUR KICKS BY PROVIDING WHAT YOU NEED TO GET YOURS!”
